Reperfusion and Revascularization in Acute Myocardial Infarction : 5x

With 66 Figures and 43 Tables

Springer-Verlag
Berlin Heidelberg New York
London Paris Tokyo

Contents

Opening Address		
<i>G. Schettler</i>	XVII	
 <i>Session I. Pathophysiology of Salvage of Ischemic Myocardium by Reperfusion</i>		
<i>Chairman: R. B. Jennings</i>	1	
 Acute Regional Ischemia		
<i>R. B. Jennings, K. A. Reimer, and C. Steenbergen, Jr.</i>	3	
 The Role of Free Radical Scavengers in Reperfusion		
<i>R. Ferrari, C. Ceconi, S. Curello, G. Ciampalini, P. Berra, and O. Visioli</i>	10	
 Calcium and the Stunned Myocardium		
<i>J. K. Porterfield, H. Kusuoka, and E. Marban</i>	23	
 The No-Reflow Phenomenon		
<i>C. E. Ganote and R. S. Vander Heide</i>	41	
 Microcirculation in Myocardial Ischemia and Reperfusion		
<i>H. Tillmanns, H. Leinberger, F.-J. Neumann, M. Steinhausen, N. Parekh, R. Zimmermann, R. Dussel, and W. Kübler</i>	46	
 Reperfusion Injury		
<i>K. A. Reimer and R. B. Jennings</i>	52	
 Discussion: Session I – Pathophysiology of Salvage of Ischemic Myocardium by Reperfusion		56
 Summary of Session I		
<i>R. B. Jennings</i>	60	

Session II. Thrombolysis in Acute Myocardial Infarction

<i>Chairman: M. Verstraete</i>	65
Thrombolysis in Acute Myocardial Infarction <i>M. Verstraete</i>	67
Streptokinase in Acute Myocardial Infarction – Benefits and Risks <i>H. Schmutzler</i>	68
Results from ISAM and GISSI <i>R. Schröder</i>	76
Prehospital Thrombolysis in Acute Myocardial Infarction: The Jerusalem Experience <i>M. S. Gotsman, A. T. Weiss, D. Sapoznikov, D. Applebaum, S. Rosenheck, C. Lotan, and S. Welber</i>	80
Extracorporeal Plasma Therapy in the Treatment of Severe Hyper- β -lipoproteinemia: The HELP System <i>D. Seidel</i>	95
Very Early Urokinase Treatment in Acute Myocardial Infarction <i>J. Schofer, D. G. Mathey, and W. Bleifeld</i>	100
Prourokinase in Acute Myocardial Infarction: Is It Effective? <i>C. Bode, S. Schönermark, G. Schuler, R. Zimmermann, H.-G. Simanek, F. Schwarz, and W. Kübler</i>	105
Recombinant Tissue-Type Plasminogen Activator in the Treatment of Myocardial Infarction <i>K. L. Neuhaus</i>	108
Thrombolytic Agents in Early Myocardial Infarction – An Overview in 1987 <i>P. G. Hugenholtz, M. L. Simoons, H. Suryapranata, and F. Vermeer</i>	111
Is There a Role for Thrombolysis in Non-Q-Wave Myocardial Infarction and Unstable Angina Pectoris? <i>B. L. Zaret and H. J. Bigham, Jr.</i>	128
Anticoagulants After Thrombolysis <i>F. Markwardt</i>	136

Drug Therapy in Coronary Heart Disease, Especially in the Management of Chronic Myocardial Ischemia <i>P. Lichtlen</i>	144
Discussion: Session II – Thrombolysis in Acute Myocardial Infarction	149
 Session III. Percutaneous Transluminal Coronary Angioplasty	
<i>Chairman: E. Rapaport</i>	153
Recommendations of the Joint International Society and Federation of Cardiology/World Health Organization Task Force on PTCA <i>E. Rapaport</i>	155
The Changing Role of PTCA in Patients with Acute Myocardial Infarction <i>B. Pitt, E. Topol, and W. O'Neill</i>	160
Thrombolytic Therapy and PTCA <i>R. Erbel, T. Pop, and J. Meyer</i>	165
Percutaneous Transluminal Coronary Angioplasty in Unstable Angina <i>F. Schwarz</i>	174
Drug Treatment after PTCA <i>R. A. O'Rourke</i>	176
Discussion: Session III – Percutaneous Transluminal Coronary Angioplasty	188
Summary of Session III <i>E. Rapaport</i>	197
 Session IV. Coronary Bypass Surgery	
<i>Chairman: E. Varnauskas</i>	201
Coronary Artery Bypass Surgery – State of the Art <i>E. Varnauskas</i>	203
Coronary Bypass Surgery After Thrombolysis and Balloon Dilatation <i>B. J. Messmer, R. Uebis, C. Minale, P. Bardos, and S. Effert</i>	206
Discussion: Session IV – Coronary Bypass Surgery	215

***Session V. Rehabilitative Care After Myocardial
Revascularization***

<i>Chairman: N. K. Wenger</i>	221
Long-Term Care and Surveillance of the Patient Following Coronary Angioplasty or Coronary Bypass Surgery <i>N. K. Wenger</i>	223
The Role of Exercise Testing in Assessment of Myocardial Revascularisation <i>J. P. Broustet, B. Mora, and H. Douard</i>	231
Physical Exercise in Comprehensive Care <i>J. J. Kellermann</i>	236
Cost-Effectiveness of Noninvasive Surveillance <i>B. Boskis</i>	241
Rehabilitative Care After Myocardial Revascularization <i>H. Sanne</i>	244
Return to Work After Coronary Artery Bypass Surgery <i>P. J. Walter</i>	252
Rehabilitation Systems in Different Areas of the World <i>K. König</i>	262
Discussion: Session V – Rehabilitative Care After Myocardial Revascularization	268
