--------------------	-----

## Factors Controlling Lineage Specification in the Neural Crest

Maya Sieber-Blum

I. Introduction .....	1
II. Pluripotency and Early Lineage Segregation .....	2
III. Sympathetic Nervous System and Adrenal Medulla .....	7
IV. Sensory Neuron Lineages .....	13
V. Mechanoreceptors .....	17
VI. The Enteric Nervous System .....	22
VII. Concluding Remarks .....	24
References .....	24

## Phospholipid Transfer Proteins and Physiological Functions

Danise P. Rogers and Vytas A. Bankaitis

I. Introduction .....	35
II. Phospholipid Transfer Proteins .....	37
III. The Yeast Phosphatidylinositol Transfer Protein: Sec14p .....	52
IV. Mammalian Phosphatidylinositol Transfer Protein .....	57
V. Nonclassical Phosphatidylinositol Transfer Protein .....	66
VI. Concluding Remarks .....	70
References .....	71

## Dendritic Cell Dynamics in the Liver and Hepatic Lymph

Kenjiro Matsuno and Taichi Ezaki

I. Introduction .....	83
II. General Properties of Dendritic Cells .....	85
III. Blood-Lymph Translocation in the Liver .....	102
IV. Liver Diseases and Liver Transplantation .....	108
V. Dynamics of Dendritic Cells .....	113
VI. Concluding Remarks .....	123
References .....	128

## Protooncogenes as Mediators of Apoptosis

Ching-Sung Teng

I. Introduction .....	137
II. Apoptosis Mediated by the <i>myc</i> Gene Family .....	138
III. Apoptosis Associated with the <i>c-fos</i> and <i>c-jun</i> Genes .....	155
IV. The <i>bcl-2</i> Gene Family Controls Cell Life or Death .....	164
V. Concluding Remarks .....	174
References .....	176

## Glial Cells as Targets and Producers of Neurotrophins

Hans H. Althaus and Christiane Richter-Landsberg

I. Introduction .....	203
II. Characteristics of Glial Cells <i>in Vitro</i> and <i>in Vivo</i> .....	205
III. Neurotrophins and Their Receptors .....	209
IV. Production of Neurotrophin Receptors on Glial Cells .....	212
V. Glial Cells as Producers of Neurotrophins .....	217
VI. Steps of the Neurotrophin Signaling Cascades in Glial Cells .....	220
VII. Functional Significance of Neurotrophins and Their Receptors in Glial Cells .....	235
VIII. Concluding Remarks .....	249
References .....	250
Index .....	279
